Thanks Kevin. And the BID looks forward to working with you guys too.

I am so sorry that the trash enclosure issue got so blown out of proportion. I am a retired city manager and prefer better working relationships with staff than we were able to craft on that issue. I don't know. Matt Hayden, the developer's representative on that issue, was my "walk on water," Sr. Planner in the City of Calabasas. His professionalism, work ethic, educational credentials, ability to resolve conflict and communicate well were always extraordinary. I just don't understand what happened here.

I think it's best to turn the page and look forward to a new day. Count on our support as we move on.

Thanks for your email - it was good to meet you and I'm glad we were able to resolve things. In the long term, the CDO will be an asset to the community, but I know it takes a partnership and we look forward to being part of that.

Craig is in the midst of moving offices but you may be able to reach him at [213-978-1217](tel:213-978-1217). You have his email: craig.weber@lacity.org

For CDO issues, its probably best to work directly with Craig and his staff. For new overlays and plans, I look forward to working with you in the future.

Best,
Kevin

Will Craig Weber be the person in charge of administering Westchester's CDO going forward? Can you give me his telephone contact info?

I'd like to invite 1 or both of you to the next Westchester Town Center BID Board Meeting to be held March 15 at 10:30 AM at 8929 S. Sepulveda #130 in Westchester 90045. I'd like to introduce you both to the Board and invite you to participate with us in a discussion of the CDO and how we can all

make it work better for us.

Craig really handled the trash enclosure issue well today. I'd like to build on that with the Board Members.

Thanks for your interest in assisting with our issues too, Kevin!!
